

Dear Parents / Carers,

### **H. Tempest Individual School Photographs**

As outlined in the newsletter last week H. Tempest School Photographers are coming to school next week on the morning of **Wednesday 23<sup>rd</sup> September**. We have had discussions with them about the safety protocols and procedures this year and as expected there have had to be some changes. These are the arrangements:

- Every child from Nursery to Year 6 will have an **INDIVIDUAL** photo taken during the morning. Each year group will come to the hall a class at a time and the photographers will ensure social distancing/hygiene precautions.
- Unfortunately there will be **NO family/sibling group photographs** taken as we are not able to have parents/younger/older siblings on site and the photographers cannot have children in the hall at the same time from different class groups.

I realise that not having the family/sibling group photographs is a real shame, but I hope you understand that in the current climate we are not able to do this and have to prioritise keeping everyone safe.

Yours sincerely

**Miss E Beeston**, Head Teacher
