

Eastlea Year 4 COVID update

11/3/22

Dear Parents / Carers,

Just so you are aware I wanted to let you know that **this afternoon we have been advised that a child within the Year 4 class has had a POSITIVE Lateral Flow Test for Covid.** The family have followed all the latest guidelines, the child has not been in school since Tuesday and the symptoms in this case have been feeling sickly, shivery and stomach pain.

The new national guidance now does not require close contacts to take LFD tests so there is no further action required and your child can continue to attend school as normal.

We do however, ask that you remain vigilant and alert to any symptoms of illness. LFD tests are still currently freely available from the gov.uk website and can still be taken as a precaution if you choose to do so. If any other Covid symptoms emerge, however mild, then a PCR test should still be sought and your child should be kept off school pending the outcome.

Thank you for your continued support in order to keep everyone safe.

Miss E Beeston, Head Teacher
