

Eastlea Year 3 COVID update

17/1/22

Dear Parents / Carers,

Thank you for your support since last week with doing daily lateral flow testing with your child. **I wanted to let you know that this morning we have been advised that another child within the Year 3 class had a POSITIVE Lateral Flow Test for Covid at the weekend.** The only symptom shown was a headache, and the test was taken by the family as part of our request for daily testing. We ask you to continue to be vigilant and alert to any symptoms of illness whatsoever.

Please continue the daily LFD testing for the coming week and as before, if negative, your child can continue to attend school as normal. If there is a positive case identified in your household, then we would also recommend that you ring school to alert us and strongly consider keeping your child off school to protect other pupils and staff in the class.

If Covid symptoms emerge, however mild, then a PCR test should still be sought.

Thank you for your support and ongoing vigilance.

Miss E Beeston, Head Teacher
