

**ART** - Portrait paintings of themselves. Use pastels to create shades and tones using leaves from the Autumn Walk. Colour mixing using different shades of paint to represent the leaves for the beanstalk in the story Winnies Amazing Pumpkin. Homemade Christmas gifts for the Christmas Fair.

**PE** - Gymnastics and Hoola Hooping with Hoopstaz

**DESIGN AND TECHNOLOGY** - Can they design and create their own carnivore, herbivore or omnivore? Can they make it move? Can they design food for it to eat? Using the story of Winnies Amazing Pumpkin, design their own flap story book in the shape of a pumpkin. Design and create their own bread dough skeleton. What would they like to put on their bread skeleton to eat it? Design and create a straw skeleton of a human and animal. How are they different? After an Autumn Walk using their 5 senses, make a fruit salad using Autumn Fruits...blackberries, apples and pears. Design and make their own smoothie using these ingredients.

**Geography** - Barnaby Bear Link Use Barnaby Bear to talk about where we might take him on holiday. Use maps of the UK, globe of the world to introduce maps-key vocabulary.

Use a map of the UK to locate land and sea, playing a game using labels and the map. Colour map of the UK and label the four countries and capital cities.

Draw their own imaginary maps, labelling where Barnaby might go and why.

**MATHS** - Place Value and Addition and Subtraction - White Rose Approach.

Measurement - Work with a partner to use cubes to measure different parts of the body.

Compare and contrast different the length of different parts of their body link to science.

Which part do they think might be the longest and shortest?

Measure and count ingredients for Autumn Smoothie and bread skeletons.

HOW I AM ME! PLANNING - Year 1 AUTUMN 19

**COMPUTING** - Focus on Internet Safely - Use of Childnet - Smartie the Penguin and Netsmartz - Clicky's Online Safety Rap Video. Use the ipads to take photographs and a video during our Autumn Walk where the 5 senses are explored. Take photographs of the ingredients needed to make our Autumn Fruit Smoothie. Use pic collage app on the ipad to create animal collages....fish, amphibians, reptiles, birds etc  
JIT - Coding platform. Use 2 simple collection to draw

**SCIENCE** - Use the Fiction Texts Funny Bones and Winnies Amazing Pumpkin and the Non Fiction text Firefighters to create writing opportunities. Identify, name and label the basic parts of common animals including fish, amphibians, reptiles and birds and mammals. Identify and name a variety of common animals that are carnivores, herbivores and omnivores. To describe and compare the structure of a variety of different animals, asking questions and recognise that they can be answered in different ways.

**Music** - Use the Funny Bones song to create rhythms and chants using the instruments. Christmas singing and carols.
