

Eastlea roof repairs update ready for 12/4/21

Dear Parents / Carers,

I hope you are all fit and well and have had a good Easter break. We are looking forward to seeing everyone as Eastlea reopens for the summer term next week on Monday 12th April 2021.

This short update is just to remind you that the roof works to repair the longstanding problems with the leaking Eastlea roof are still ongoing. The work is progressing well, the new tiles look very smart and at a site meeting on Friday 9th everything is on track for getting the roof fully repaired during the coming 4-6 weeks.

Scaffolding will remain on site during this time and it is important that you remind your child to keep away from this, avoid going near the containers or skips and keep a safe distance from anyone working on site. Younger children should be kept with an adult at all times and if there are diversions in place for some days at some of the entrance points then we ask for your patience and that you follow the directions provided by staff.

We have been informed that the scaffolding in the Early Years (Nursery yard) will be partially removed over the weekend of 10th/11th April to allow some access to the outdoor space for the children on their return, but there will be still be scaffolding on the approach paths to all entrance doors and so care must be taken when coming onto the site.

Once the external works are completed then the plan is to do some internal repairs and redecoration over the late May/June half term holiday later this term.

See you all on Monday!

Miss E Beeston, Head Teacher
